CANADA'S ENVIRONMENT

Every day you read news items about recycling, water pollution, industrial emissions or the depletion of the ozone layer. Unfortunately, these reports are often fragmented, making it difficult to get a complete picture of Canada's physical environment.

Human Activity and the Environment is written to help you understand the links between our population, socio-economic activities and our environment. You'll see, for example, how the purple loosestrife and zebra mussels are spreading throughout inland waters and the effect they have.

Organized in three, easy-to-read sections: Population, Socio-Economic Systems, and Environmental Conditions, this publication examines our activities from a number of perspectives:

- resource consumption
- waste generation
- monitoring the conditions of land, water, air and living organisms

CASE STUDY: A statistical profile of an Ontario river basin is also included as a case study to demonstrate how socio-economic information can be linked with physical data at a local level.

This unique bestseller highlights such fascinating details as:

- purchases of potential pollutants by Canadian households
- the importance of natural resources to the Canadian economy
- energy consumption by industry

The *Catalogue* puts all this information at your fingertips. With the expanded index, you can search by subject, author or title – even periodical articles are indexed. There's also a separate index for all our electronic products.

The *Catalogue* has everything you need to access all Statistics Canada's products:

- descriptions of over 200 new titles, plus succinct abstracts of the over 900 titles and 7 map series already produced;

- newly released 1991 Census products;

HOW TO FIND STATISTICS

ORDERING PUBLICATIONS

Types of Publications

Subscribing to Periodicals

You can subscribe to any Statistics Canada publication that is issued regularly. Within this listing, such publications are identified as daily, weekly, monthly, quarterly, semi-annual or annual. All subscribers are sent their publication on the day it is released.

When completing the order form, remember to list the annual subscription price and write an "S" (subscription) in the issue column.

When you order a subscription you will be sent the next issue released. The length of time it takes to receive your first issue depends on the frequency of the publication. There may be a period of up to three months before the next issue of a quarterly publication is released, and the release of a new annual publication may take up to 12 months, depending on the release date.

As a continuing service to our subscription clients, we issue renewal invoices and reminder notices as your expiry date approaches to help ensure uninterrupted delivery of your publications. You will also be advised of related publications to allow you to update your statistical library.

Multi-year subscriptions, are available for up to three years on Statistics Canada's most popular titles. The following publications are eligible for multi-year subscriptions:

Canadian Economic Observer (10-230)

Canadian Social Trends (11-008)

Perspectives on Labour and Income (75-001)

Infomat (11-002)

Health Reports (82-003)

Multi-year subscriptions ensure that there will be no interruption in the issues sent to you, as well as reducing administrative costs. Subscription rates for the second and third year are the same as the currently listed price, so multi-year subscribers are also insulated against price increases.

When ordering, please indicate clearly the number of years for which you would like to subscribe.

Purchasing Single Issues

You may wish to order a single copy of a publication before subscribing for a full period. To order a single copy of any publication or series, remember to list the single issue price when ordering. You will receive a copy of the most recent issue. It takes up to ten days to

process your order for currently available issues of any publication. Orders for publications not yet released are placed on back order and will be shipped to you the day the publication is released.

Many publications in this listing are issued only occasionally. When ordering these titles, simply list the applicable Canadian, U.S. or foreign price, along with the catalogue number and title. Again, you will receive a copy of the most recent issue. **Please note that prepayment is required for the purchase of all casual/occasional publications.**

“Just one more thing... I received your recommendation and now I need the statistics to back it up.”

Most of us have been in this situation more than once. Usually when there's something else that's pressing.

Now Statistics Canada offers you the ***Guide to Statistics Canada's Programs and Products***. In one place, you'll find 550 pages of detailed information for 409 surveys and statistical programs covering just about every topic your boss could ever stump you with.

From *Absence from Work* through *Cable Television*, the *Mushroom Grower's Survey*, and *Traveller Accommodation*, to the *Wholesale Trade Survey* and *Zoos*. The ***Guide*** is your quick three-step solution to the “Just-one-more-thing” syndrome. All you have to do is:

1. **Choose your topic.** The complete, cross-referenced index puts your finger on every survey covering your subject.
2. **Choose your surveys.** Look up each survey to make sure it's relevant to your needs. The complete survey profile includes everything you need to know:
 - what data are collected
 - when the survey was done
 - who was surveyed
 - how often they are surveyed
 - and other relevant points that will help you find the survey or program with the information you need.
3. **Phone the experts.** For key findings and insights from the survey, just pick up the phone and talk to the person who conducted the survey. A phone number is provided for every survey.

CANADA A PORTRAIT

A CELEBRATION OF OUR GREAT NATION

Canada challenges the imagination. Imagine a country where Newfoundlanders live closer to Africans than they do to fellow Canadians in British Columbia. Or a country with an island that has a glacier bigger than Ireland. Imagine a country with two million lakes, and the world's longest coastline – but that shares a border with only one nation.

Statistics Canada has created the 54th edition of **Canada: A Portrait** as a celebration of our great nation. Drawn from Statistics Canada's rich palette of national data, it paints a picture of where we are socially, economically, culturally and politically.

Over 60 unique and beautiful photographs combined with lively text, provide a close-up look at the Canada of today.

Experience this land's remarkable natural regions and diverse human landscape through six chapters entitled: **This Land, The People, The Society, Arts and Leisure, The Economy, and Canada in the World.**

Eminent Canadians such as astronaut Roberta Bondar, former hockey star Jean Béliveau, and writer W.O. Mitchell have contributed their personal visions of Canada.

Canada: A Portrait is a beautiful illustration of the Canada of today.

Presented in a 30 cm X 23 cm (12 1/4" X 9") format, prestige hardcover, with over 200 pages, **Canada: A Portrait** (Catalogue no. 11-403E) is available in Canada for \$38.00 plus GST, US \$41.95 in the United States, and US \$48.95 in other countries.
